

# Common Sense Rules

**Staying at a Meet, Temporary Holiday Site or on a Certificated Site? If so, here are the guidelines you should expect to follow.**

## Club Meets and Temporary Holiday Sites

### General

1. It is assumed that all members will be familiar with the Code for Campers and the Caravan Code which can be found in this publication on page 390.
2. Club Meets are open to members only. It is not possible for non-members to stay or join on site.
3. Temporary Holiday Sites are organised for the benefit of members. Non-members may join on site and are also permitted to stay in a member's unit upon payment of a one off Guest Fee.
4. All Club camping events will have at least one appointed Steward who is responsible for members' behaviour and safety during the event.
5. Proof of Club membership is to be shown by all members attending camping events when properly requested to do so by the appointed Steward.
6. Campers must not arrive before the published opening time and must not occupy the site in the absence of the appointed Steward. To do so is outside the provisions of the Club's Exemptions under which Club Meets and Temporary Holiday Sites are held.
7. All members, upon arriving on site, should report to the appointed Steward before pitching their unit.
8. If a Steward feels a member's behaviour, or the behaviour of a member's children or pets, is causing a nuisance, the Steward is permitted to ask a member to cease the behaviour or leave the site.

### Safety on Site

9. All vehicles are restricted to 5mph on site and learner drivers are not permitted. Vehicles must be parked at right angles to any slope.
10. Units, excluding guy ropes, must be 6 metres apart from the adjacent units. This is a precaution against fire. Vehicles may be parked between units, provided that a 3 metre clear space is left within the 6 metre gap at all times.
11. Children's pup tents are classed as an integral part of a camping unit, in the same way as an awning, when they are occupied by children and when no appliance with a naked flame is used in or close to them. This means that a child's pup tent is not required to comply with the 6 metre rule and can be pitched close to the parents' unit.
12. Open fires are not, in general, allowed except with the permission of the Steward and in an agreed location. Barbecues should also be agreed with the Steward and sited well away from any camping units.
13. It is strongly recommended that all camping units are equipped with a suitable BS/EN3 approved fire extinguisher or fire blanket, and that members should be aware of how to use the one they have. Buckets of water placed outside units are also useful as near-to-hand fire fighting equipment.
14. It is advisable that each member's unit be equipped with a first aid kit.
15. The use of gas cylinders with a capacity greater than 15kg is not permitted at Club events for supplying touring caravans, motorhomes or tents.

## General Behaviour

16. Respect should be shown to the landowner's property, trees, fences, farm buildings, equipment and stock.
17. Dogs and other pets must be kept under control at all times. No animal is allowed to be loose on the site and must always be on a lead not longer than 2 metres if outside a unit. Members must remove any droppings left by their pets.
18. It is forbidden to fly kites and model aircraft or to use catapults, airguns, firearms, bows and arrows or similar items on site. Ball games are permitted only with the agreement of the Steward, on an open space well away from camping units.
19. All members must ensure that their pitch is left clear of litter on their day of departure from the site.
20. Noise should be kept at a minimum from radios, televisions and other sources such as generators, and there should be no noise whatsoever between 11pm and 7am.
21. Campers may only use generators with the Steward's permission. If a Steward considers the use of a generator to be causing a nuisance then he may ask the camper to stop using the generator or else leave the site.
22. Members' units are not permitted to be left unattended overnight.

## Public Health

23. The contents of chemical toilets must not be disposed of on the site except into the disposal point identified by the appointed Steward.
24. Members must collect waste water in a receptacle and should not allow it to overflow and foul the camping ground.
25. Members attending a Club Meet must take their refuse home with them if receptacles are not provided.

## Trading

26. Trading is not permitted at a Club Meet or Temporary Holiday Site unless authorised by the appointed Steward. Touting and commercial advertising are forbidden. Campers must not advertise services and goods for sale at camping events except with the permission of the Steward. A firm's car or van, which has the firm's name and description on the sides, is acceptable.

## Certificated Sites

### Arrivals

1. Members must report to the site owner before pitching and pay any site fees due, unless other arrangements have been made with the site owner.
2. Members must show their membership cards when requested to do so by the site owner.
3. Members must pitch where directed by the site owner.

### Departures

4. Members should vacate their pitch on the day of departure at the time requested by the site owner.
5. Vacated pitches must be left clear of all property and refuse.

## On Site

6. Members must obey all instructions given by the site owner.
7. Members must dispose of rubbish, waste water and chemical waste as directed by the site owner.
8. All pets must be kept on a lead of no longer than two metres.
9. Children should be supervised at all times.
10. Noise must be kept to a reasonable level at all times. There should be no noise or vehicle movement whatsoever between 11pm and 7am.
11. Members may only use generators with the site owner's permission.
12. Vehicle speed must not exceed 5mph.
13. Camping units are not permitted to be left unattended overnight on a Certificated Site.
14. The use of gas cylinders with a capacity greater than 15kg is not recommended on Certificated Sites for supplying touring caravans, motorhomes or tents.
15. If a site owner feels that a member's behaviour, or the behaviour of a member's children or pets, is causing a nuisance, the owner is permitted to ask a member to cease the behaviour or leave the site.

## Licensed Pitches

16. Members should be aware that Licensed Sites may operate additional rules on site and it is advisable for members to ask for confirmation of site policies on arrival.

## Alteration of Camping Rules

17. From time to time these rules may be amended by the Club's Exempted Camping Committee.

## Queries and Complaints

To discuss any aspect of these rules or if you have any other issues relating to Club Meets, Temporary Holiday Sites or Certificated Sites, please contact the Exempted Camping Department on 024 7647 5198 or by email at [exemptions@thefriendlyclub.co.uk](mailto:exemptions@thefriendlyclub.co.uk)
